

Xavier Delgado Walk for Awareness

Saturday July 30, 2011

9:00am

Westwood Sports Complex
Sterling, IL

Shaken Baby Syndrome is one of the most violent forms of child abuse. It is the most common cause of mortality and long-term disability in infants and young children due to physical abuse. An estimated 1,200 to 1,400 cases of SBS occur each year in the U.S., 1,200-1,400 too many.

Your pledge will be going towards promoting Shaken Baby Syndrome Awareness in our community. Educating and talking about Shaken Baby Syndrome is the first step in preventing this from happening to other families. So with your pledge you will not only be Honoring our son Xavier Delgado but you will also be a part of saving another child's life.

In Loving Memory of
Xavier Delgado
